

Frame for Magic Corner

Opening

Left

Right

DESCRIPTION

For 450 mm door width

Magic Corner is now available with a new sliding frame system and an enhanced closing mechanism.

No tooling is required to adjust and mount the frame.

The SoftStop dampening device is sold separately. It ensures soft closing and smooth motion.

Existing sets of baskets are perfectly compatible with this new frame.

This system comes pre-assembled for easy installation in less time.

ADVANTAGES AND BENEFITS

- Assembly time reduced by 50% - Same drilling positions - No tools required for the assembly of the frame and the front panel - Enhanced door stability - Optimized extension motion - Optional SoftStopp dampening device for soft closing is sold separately
