

## Folding Slatted Bed Base

### Mattress Size

### Width

59 1/2 in\*

76 in\*

## DESCRIPTION

Our metal bedstead is a slatted base with a rigid metal frame supporting a number of curved plywood slats, ergonomically positioned along the entire length of the base. Each plywood slat combines the natural flexibility of wood with ergonomics and the comfort of high-tech engineering. Also available for single mattresses (no box spring required). This particular model folds at the center to make transportation and installation easier.
