

1691 Cable Clamp

Length - Overall Dimensions

3 19/32 in*

5 5/16 in*

DESCRIPTION

No more floors covered with intertwined cables! This cable clamp for mounting under work surface will make powering your equipment a snap.

ADVANTAGES AND BENEFITS

- Allows easy identification of your cables. - Frees up the floor and increases the available space on your desktop. - Your choice of installation: can be screwed on or even attached with double-sided tape. - Black and grey finishes to complement your electronics. - Each loop can hold up to 4 cables: the small clamp has 5 loops and the large clamp has 7. - The cables can pass along and through the loops to increase the number permitted and improve their organization.
