DESCRIPTION

Waterproof, window, door and trim sealant

DAP® DYNAFLEX 230® delivers a "silicone tough" latex formulation for outstanding exterior performance against the elements. Developed for flexibility and crack proof performance, this sealant endures expansion and contraction without cracking or losing its seal. The paintable, durable sealant can fill gaps up to 25.4 cm (1") wide and the cured sealant is mold and mildew resistant. It has excellent adhesion to a wide range of building materials including wood, MDF, PVC, polystyrene and composite trimboard.

ADVANTAGES AND BENEFITS

- A premium latex sealant with the performance characteristics of non-industrial acetoxy silicone products - Easy to gun out - Tools smoothly - Easy clean-up with soap and water - Paintable - Low odor - Highly flexible to handle joint movement caused by variations in temperature and humidity without cracking - Provides a long-lasting, durable seal that is 100% waterproof and weatherproof
