DESCRIPTION

Norton A275-No Fil Adalox premium heat-treated aluminum oxide grain provides fast cut-rate and superior life, for above average performance/cost ratio. Paper backing B-weight fiber-reinforced. Choice of 'Stick and Sand PSA (Pressure Sensitive Adhesive) Paper Disc Rolls' and 'Hook and Loop Individual Paper Discs'. Also offered without hole ventilation or with 5 or 6 holes ventilations.

Features:

- Premium P-graded heat-treated aluminum oxide abrasive
- B-weight paper backing
- Special undyed stearate

ADVANTAGES AND BENEFITS

Benefits: - 30% to 50% faster cut rate - Industry's longest disc life - Superior resistance to delamination and tearing - No pigment transfer
