- 48 in (1.291 m) track

## IMPORTANT INFORMATION

- Please make sure to read the entirety of the installation manual before proceeding with the installation. - Wear safety gear such as gloves, safety glasses, safety shoes, and ear protection. - See the instructions for rough opening and other dimensions. - Always remove debris/dust/residues (sawdust and/or aluminum) from all tracks and guide channels using a dry cloth during installation and before operating the system. - Never spray lubricant. - Do not exceed stated limitations and parameters. This will cause early wear and performance failure, and will void the warranty. - Pictures provided for visual reference only: actual product may vary.
